

## A View from County Hall

There is now a duty to cooperate between all blue light services. If by collaborating they can make savings enabling them to put greater resources at the front line, then for me there is little debate to be had, but the method of achieving these efficiencies could have deep and lasting consequences.

At our last executive meeting, we considered the Police and Crime Commissioner's (PCC) consultation regarding proposals for changes to the governance of Fire and Rescue Service. The reports and meetings on this subject have been long and involved but basically boiled down to two options, the "Representation" model where the PCC is represented on the Fire and Rescue Authority or the "Governance" model where the PCC takes on full responsibility for the Fire and Rescue Service and the Fire and Rescue Authority ceases to exist.

These are two of the most public facing front line services giving help to the public when they are at their most vulnerable so it's crucial they get it right. Each authority has evolved separately learning from experience in their specialist fields. Sometimes methodology appears to be quite bizarre but works for a proven reason. To move at pace in reforming a service gives the promise of greater savings but with greater risk and on this point I have no doubt we all want the minimum of risk attached to blue light services. Reform can be like pulling at a snag on a knitted jumper, one little tug and the whole garment unravels.

I supported the Representation model because it allows the two services to collaborate, but also gives them the ability to step up to a Governance model as and when the changes have been proven. With an immediate move to a Governance method, there is no return the Fire and Rescue Authority ceases to exist.

## SALSA VERDE

World premiere of a new original Badapple Theatre comedy with music and dance.

Salsa Verde, or Green Sauce to give it a more local flavour, follows two different generations of characters where a romantic love-triangle seems destined to be repeated down the years. A wartime Bevan Boy and a navy recruit clash at the dance hall, as do another thoroughly modern duo fighting over the instructor at the local village hall Salsa night. Classic Badapple comedy for all ages, with a bit of a song and a dance thrown in...

### Wolds Valley 'Pop Up' Community Cinema

The cinema will open on Friday 29th September showing 'Viceroys House' at 7.30pm at Weaverthorpe Village Hall, please note that the film is classified as 12 and we have to adhere to the classification with regard to attendance. The film is a lavish political drama set in India during the transition from British Rule to Independence. It stars Hugh Bonneville and Gillian Anderson.

There will be no charge for the film but we will be dependent on donations to enable us to continue with the project after this first season. It costs around £120 for the licence for each film alone, which has been met this year, in part, by Ryedale Stronger Communities, but we will have to be self-funding for future seasons if the project is to carry on. The Village Hall Committee will sell refreshments including ice creams, before the film and during the interval; doors will be open from 7pm.

Information about the Children's 'Pop Up' starting in October will be in the next edition of the Warbler. We are looking forward to seeing everyone at the 'Pop Up' and if you have a problem with transport there are volunteers ready in each of the villages to give you a lift to Weaverthorpe. If you need any assistance in this regard please contact me at: sue.hone@btinternet.com or on 01944 738358

### Cat hit by speeding car

I live in East Bank, Weaverthorpe and my cat was hit at 9.20am Saturday 19th August outside my house by a hit and run driver.

He was seriously injured and required surgery. It's not simply an issue with pets on the road, as it's summer holidays we should also factor children out and about playing in the village. May I suggest that locals and possibly visitors the area to not treat the roads like a racetrack. This needs to end.

### Foxholes Library & Coffee Mornings

FOXHOLES LIBRARY future dates 9th and 23rd September.

Our feature of Yorkshire books', from Ariel photographs of Yorkshire to Yorkshire Prives was very well received with many of the books borrowed.

During September we will feature some of our older authors with books published in the 1960's. Maybe you have forgotten some of the popular authors from that era.

We also have a large selection of DVD's and Jigsaws which we are now able to display and these too are proving very popular.

You don't have to be a 'reader' to visit the library. We serve tea, coffee and biscuits - sometimes homemade cake, in fact we have many visitors who just come to chat with old friends and make new ones. We look forward to seeing you.
