A View from Ryedale House

Many Ryedale residents will be aware that Ryedale District Council is undergoing a restructuring programme to help contain costs and improve the delivery of services through increased efficiencies. This programme also includes an assessment of whether the current council offices meet the current requirements of both the council and those of Ryedale residents. A review of whether a more suitable location which could bring together into a single location some of the other services based in different buildings would be preferable. This process is likely to last until next year and I will advise of any significant developments.

Ryedale Council is in the fortunate position of having some money to spend for the benefit of its residents. If you are aware of or have any village/community projects that could benefit from a grant, please let me know with a proposal. I will then make a submission to see if I can obtain funding for the project.

"The result of the Ofsted report is great news" said Head Teacher, Alison Stephenson "it reflects the hard work from everyone involved in our school community, the teachers, staff, parents, governors and of course our children".

The report highlights a number of key areas at Luttons CP School, with the following mentioned here being only some of those emphasised. It recognised an inclusive learning environment where pupils are all making good progress, including any disadvantaged children and those with special education needs. It recognised that the pupils are well behaved with good attitude towards their learning. The report praised the nursery for giving children a flying start to their education.

It observed that the pupils are safe and well cared for by staff and leaders, and that everyone in the school community feels valued. The full Ofsted report can be read on the school website at www.luttons.n-yorks.sch.uk, or on the Ofsted website.

GOOD results in Ofsted Report for Luttons CP School

Luttons CP School is delighted to announce that they have been judged "GOOD" in their latest Ofsted report. The rural school located at West Lutton is proud to have been awarded the accolade following the inspector's visit in July. The news comes hot-on-the-heels of the school announcement that it is to federate with

Duggleby

Village Picnic. Around 50 people enjoyed a great evening at High Farm, Duggleby with their picnics and live music from Bob Hastings. A huge thank you to all who supported it, Bob for giving up his time and Kate and Iain Simpson for generously letting us host it at their house.

Thank you to all the villagers who have helped with monthly village litter picking, strimming, mowing verges, painting, pushing to get our roads resurfaced and getting our speed limit through. Finally, thank you to our Parish Council for helping and supporting us in our quest to smarten up our village.

If you are interested in helping with autumn bulb planting or being involved with future activities please contact Angela Langworthy (Ash Tree House).

Families urged to come forward for help with winter bills

ONE-OFF GRANTS are available to families and
individuals on low incomes in the run-up to winter.
More than 20 energy companies offer the Warm
Home Discount scheme, which gives eligible
customers a one-off grant towards their electricity
bill or prepayment meter during the winter.

Schemes are set to open from around August time,
and the payment is expected to remain the same as
previous years at £140.

Families on low incomes or welfare are encouraged
to get ahead of the queue and register their interest
now with the support of the Warm and Well in North
Yorkshire project, which seeks to raise awareness of
cold homes.

Although criteria for the grant varies according to the
energy supplier, generally customers qualify
automatically if they are in receipt of the Guarantee
element of Pension Credit.

Households might also be eligible for the payment if
they receive certain means-tested benefits or have
an annual income of less than £16,000 and there is
a child under-5, someone with a disability, or
someone elderly living at the property. In this case
residents have to apply for the £140.

Kate Urwin, the Yorkshire Energy Doctor, who is
working with Warm and Well said:
"Customers can either apply online via their
electricity supplier or call them up. It is a good idea

to get in quickly as some schemes are first come
first served and close when they have reached their
maximum number of applicants.

"The £140 payment can go a long way to easing
financial pressure on families during the winter, and
is set up in such a way that it reaches those who
need it the most."

For support with the Warm Home Discount
application as well as with energy matters
such as debt or switching families are also able to
contact Kate directly. She can be reached on 07738
818391 or 01757 249100.

Families can also talk to Warm and Well in North
Yorkshire for a wider variety of support around being
cold at home. Please visit www.first4contact.org or
call 01904 704177.
