## A View from County Hall

Last Friday was identified as the 100th day since the start of the lockdown for the UK. It is estimated that there have been 256 deaths of North Yorkshire residents in hospital and a further 202 deaths in care homes with others who will have died outside of these settings. This is an enormous human toll that represents so many individual tragedies and I suspect that by now we have all been touched by this.

As we emerge from the height of the pandemic and restrictions are gradually lifted, we are all trying hard to establish some structure in the new norm. New ways of shopping, socialising, working and learning that will help us return to normality safely. Increasingly, it is becoming apparent that the struggle to balance Health with Economy are proving to be a greater challenge moving out of lockdown than when we went in.

With the announcement of the new one meter distancing, I somewhat facetiously wonder if anyone has informed the Corona virus, it can now only travel one meter and not two and do we really feel more safe returning to the streets when there are actually more live cases than when we first went into isolation. These are debates that I am sure every household will be having and much of it will be down to our own personal assessment of risk, the parameters of which will be as varied as the diversity of population.

Our area broadly encompasses three major industries, tourism, farming and retirement. As the hospitality industry prepares to re open on 4th July, it's worth bearing in mind that across Yorkshire, tourism is worth £9 billion a year and employs 225,000 people. Following additional guidance around the one metre plus rule will allow many businesses hardest hit and many people desperate for some freedom - to enjoy those things safely.

Finally, we are all told to exercise "common sense" this term transports me back to my school days recalling our somewhat eccentric maths teacher. He constantly reiterated that common sense was called "common sense" because it was so uncommon. Clearly in those days we had none otherwise he would not have had to say it so many times!

Stay safe everyone

### **Weaverthorpe Village Hall**

Here is a summary regarding the success of this almost innocuous low cost flutter game.

The suggestion that we have a 100 Club Lottery was started back in June 2019. The intention was to keep it low cost for membership but to sustain the idea year on year.

It is easy to run away with any monies raised but the decision was taken that it should be fun and that the prizes should reflect an acknowledgement of the 100 Club Members support for the Village Hall. Having said that one also has to be sensible and not give all the raised money away.

Thus we concluded that the prize monies should grow with the membership. That is why we only had two prizes at the start.

Now, the membership has grown to 77. The consequence of this being that by the end of the year the 100 Club Lottery will have raised in the region of £400. A considerable sum which really helps with the upkeep of our Village Hall.

So well done and thank you to all our members.

Talking of members and membership, I would like to just remind everyone that the 100 Club Lottery runs from September to August year on year. That means that there are only two 'draws' left for the current 2019/2020 year and that shortly I will be sending out requests for existing members to renew their membership ready for 2020/2021.

Now, there will be some 'Warbler' readers that have probably not even considered becoming a member of the 100 Club. No problem. But we do have at least 23 'spare' numbers - further numbers could well be added if needed - and membership is open

to anyone provided they are over 18 years of age. The cost is £12 per number for the year - payable in one amount at the start of the year. Several members also have numbers for their children and grandchildren. More members means more prizes!

I am ready to take new membership for the 2020/21 year so please either email me at [martin.pearce54321@gmail.com](mailto:martin.pearce54321@gmail.com) or call me on 07971963797 if you would like to join. Existing members please wait until I either call you or email you asking you to renew your membership.

Keep safe and keep well,  
MARTIN

## **WHARRAM LE STREET**

We are pleased to say that Wharram has been very supportive during lockdown. The new Whatsapp for the parish has seen regular Friday night quizzes and has also proved very effective in keeping people in touch. It was pleasing to see that a driver has been prosecuted for driving through the village on the B1248 at a speed considerably over the limit. We have also been assured of a more regular police presence monitoring the traffic over the summer. I would again like to thank Andrew on behalf of the parish council for cutting the grass round the village. We very much appreciate his efforts as I am sure do all our residents. A big thanks too to Jonathan for taking steps to arrange a Speedwatch system for the village. It should be up and running in the near future.

## **All Saint's Church, Wold Newton**

Wold Newton is a little village with a very big heart. Following the circulation of the news that All Saints' Church had moved their food collection box for The Hinge charity (in Bridlington) into the church porch donations have flooded in and are still arriving daily. On average the box is filled every 2 days and the contents distributed by The Hinge to people in need. They have experienced a massive increase in demand during this crisis and are desperate for donations to feed and care for people in an ever-widening area.

The villagers' response has been magnificent, no other word for it, and the Church recently received a thank-you card from The Hinge. This has been circulated on the village Facebook page and is on display in the notice-board in the porch. It shows just what can be achieved by community and church working together.

Other good news is that the church is in the process of getting ready to reopen for individual prayer; contemplation; visiting to feel the deep peace or explore its history. It is expected that it will be open from Monday 22nd June, although no services can, as yet, take place
